09 LUMA LITE

GLADIATOR

VERY RESISTANT AND LONG-LASTING

All the shine without the weight

Luma Lite is born from the same obsession with detail that defines the Luma collection, but with a renewed proposal: all the elegance of the metallic finish in a high-end polycarbonate body, lighter and designed for travelers who don't want to give up presence without the weight.

Its polycarbonate shell offers exceptional impact resistance and structural flexibility that protects the contents even on the most demanding journeys. The integrated TSA lock zipper guarantee security at every destination, while the 360° double spinner wheels ensure smooth, quiet rolling on any surface.

Luma Lite features high-quality skate wheels: ultra-quiet, exceptionally smooth-rolling, and built to last.

Available in black, gray, and metallic green, each finish catches and reflects light with an intensity that sets it apart from the rest of your luggage.

Luma Lite is the entry point into Gladiator's premium universe: where style isn't optional

44 DROPS

SUPER RESISTANT

GLADIATOR

Go with the flow

Designed for those who travel with their own character, the Drops collection turns every trip into a style statement. Made from high-resistance polypropylene, it combines lightness and durability with a raised front pattern that recreates thousands of tiny droplets - a texture as recognizable as it is irresistible to the touch.

Its high-end zipper closure system and 360° double wheels guarantee a smooth, effortless travel experience, while the integrated TSA lock provides the security needed for any destination.

Available in six vibrant colors, Drops is the collection that doesn't go unnoticed: on the airport carousel, on the platform, or in the hotel lobby.
